

Purple Match

A unique Personal Assistant matching service, connecting disabled people with carers based on their interests and hobbies, as well as their support needs.

"I have a better relationship with the people I care for than when I worked for an agency, as I feel the support I provide is now much more tailored to the individual. This personal match has made such a positive impact." PA

Purple's PA Recruitment Support Service

- An innovative approach to recruiting PAs, providing a truly personalised approach
- Employers and employees create profiles on the system which matches disabled people with potential PAs
- Find PAs based on your needs as well as your hobbies, likes and dislikes
- Compare and shortlist profiles and send private messages online before arranging an interview
